Connect with your preferred Turf Agent to secure stock for your pre-emergent herbicide program today.

Specticle is an innovative herbicide for warm-season turf that sets a new standard for pre-emergent weed control. It provides up to 8 months of pre-emergent control in warmseason grasses. Delivering an exceptional level of protection against *Poa annua*, Crowsfoot grass and Summer grass and a range of common broadleaf weeds. Specticle provides unmatched use flexibility with a wide application window, making it an ideal choice as the foundation of a year-round herbicide program.
