

**Bonus
offer!**

Method EOFY offer!

Method® 240SL is a breakthrough post-emergent herbicide registered for the control of more than 40 invasive broadleaf, brush and woody weeds, including Lantana, Prickly Acacia and Sticky Nightshade. Method's diesel- free, flexible application options support efficient weed management, reducing re-treatment and improving pasture productivity across pastoral, conservation and grazing land. Protect the land you rely on with Method® 240SL herbicide.

Purchase 1 pallet, 480L, of **Method® 240SL 10L** and receive **3 x 10L drums FREE!**

Bonus! Every purchase includes complimentary 12-month access to RangeView satellite-based farm mapping platform, as part of our new Australian pilot program. Access includes RangeView analysis, personal dashboard setup, onboarding and adoption support.

Connect with your preferred agent to place your order today.
