News Release

Envu appoints Rachel Carson as Managing Director, ANZ

Melbourne, Australia, 18 March, 2024 – Envu, an environmental science company providing forward thinking innovations that protect and enhance the health of environments around the world, is pleased to announce the appointment of **Rachel Carson** as the company's new **Managing Director - ANZ,** based in Melbourne, Australia.

With a background rich in agronomy and commercial expertise, Rachel is poised to lead Envu into a new era of growth, success, and innovation.

Rachel brings over 14 years of invaluable experience in the chemical and agrochemical manufacturing industry to her new role. Her demonstrated track record in driving P&L performance across portfolios exceeding $150M showcases exceptional skills in strategy development and implementation, relationship building, and project management.

Expressing her excitement to embark on her new role, Rachel stated, *"I am thrilled to collaborate with our excellent team and customers as we embark on this new chapter for Envu. With my background in agronomy and commercial endeavors, I am eager to foster successful and sustainable innovation within the business."*

Rachel's passion for customer and stakeholder collaboration alongside her extensive industry experience across a range of roles and businesses were some of the attributes **Nadim Mohr, Head of Commercial Operations, APAC** noted that made her a stand-out for this critical role within the APAC team. “We are excited for Rachel to come on board at this pivotal point in our journey as an Australia and New Zealand business. Rachel demonstrated a number of the capabilities and values aligned to the Envu business that will be important as we continue to grow and develop in this market and region.”

Rachel will report to **Nadim Mohr** and will commence with Envu on **Tuesday, 2nd April 2024.**
