Envu appoints Stephanie Larkin as National Sales and Key Account Manager – Vegetation Management, ANZ

Melbourne, Australia, 15 July, 2024 – Envu, an environmental science company providing forward thinking innovations that protect and enhance the health of environments around the world, is pleased to announce the appointment of **Stephanie Larkin** as the company's new **National Sales and Key Account Manager – Vegetation Management - ANZ,** based in Melbourne, Australia.

Born and raised in the NSW Riverina, Stephanie carries a deep passion for Australian agriculture, driving her commitment to delivering successful outcomes for businesses and customers alike. Her most recent role prior to joining Envu showcased her strategic capabilities and leadership at Elders Limited (ASX: ELD) as Category Specialist and Head of Marketing & Communications. Stephanie has also made significant contributions at Sinochem Australia as National Sales Manager and Marketing Manager, where she played a pivotal role in driving market share growth and implementing successful brand management strategies.

"*I am thrilled to join the Envu team and look forward to working within the Rural and Vegetation Management space, alongside our team and customer partners*" Stephanie stated.

Stephanies deep understanding of the industry and breadth of experience alongside her passion for collaboration were some of the key attributes **Rachel Carson, Managing Director, ANZ** noted made her a stand-out for the role within the ANZ leadership team. "*Stephanie's dedication, expertise, and track record of success in agribusiness sales, marketing and procurement roles alongside her innovative approach and strategic mindset will support Envu as we accelerate our presence in the Vegetation Management sector, driving positive outcomes for our customers.*"

Stephanie will report to **Rachel Carson** and began her role with Envu on **Monday, 14th June 2024.**

Stephanie will be able to be contacted at stephanie.larkin@envu.com or on mobile at +61 419 574 776.
