envu™

Insecticide for management of mosquitoes, house flies and cockroaches

Active Ingredient:

Beta-cyfluthrin 2.45% SC

Recommendations for use:

Responsar has a broad spectrum activity. It is especially useful for the control of insect pests like houseflies, cockroaches and mosquitoes in indoor and outdoor situation.

Key Features and Benefits:

Economical solution for household pests

Better residual performance on variety of surfaces

No organic solvents hence very low odour

Endorsed by HACCP International

Quick knockdown effect

Broad Spectrum

Mode of Action:

Stomach and contact poison having rapid knockdown effect. The peripheral nervous system of insects is affected, and death occurs soon after central nervous system is impacted.

Dosage:

Dilute 20 ml of Responsar in 1 litre of water and spray the solution uniformly over 20 sq. mt. of porous surfaces and 40 sq. mt. of non-porous surfaces.

Antidote:

There is no known specific antidote. Treat symptomatically.

Packs:

1 litre
